

FACT SHEET

Federal Project No. IM-0A4-1(25/26)
State No. 52914/52929/54373

Project Scope

In September 2010 the State of Alaska Department of Transportation and Public Facilities (DOT&PF) finalized the environmental assessment (EA) for the project, finalized selection of the preferred alternative, and received a Finding of No Significant Impact (FONSI) for the Parks Highway MP 44-52 Lucus Road to Big Lake Road project from the Federal Highway Administration (FHWA). The FONSI cleared the way for the detailed design of the project to begin. Design funding is now in hand for all phases. Phase 1 consists of a 5-lane section from Lucus Road to Church Road; starting at Phase 2, the preferred alternative is a 4-lane section with a depressed median from Church Road to Pittman Road

with limited access and several new frontage roads; and the same 4-lane section continues through Phase 3 from Pittman Road to Big Lake Road. The EA is available on the project Web site (see address below) or you may request a digital copy by calling the public involvement coordinator.

DOT&PF's consultant team led by Hattenburg Dilley & Linnell, LLC is actively working on the design for all three phases. Right of Way acquisition

has begun on Phases 1 and 2. The team is working to fine tune details as issues arise. Keep checking the project web site as the team periodically posts the aerial photos showing the design in progress.

Schedule

Activity	Phase 1: Lucus Rd to Church Rd	Phase 2: Church Rd to Pittman Rd	Phase 3: Pittman Rd to Big Lake Rd
Preliminary Design	Dec 2010 – Jul 2011	Dec 2010 – Jul 2011	Apr 2012 – Aug 2013
Final Design	Aug 2011 – Sep. 2014	Feb 2012 – Mar 2015	Sep 2013 – Sep 2016
Right of Way Acquisition	Aug 2011 – Mar 2014	Aug 2011 – Mar 2015	Sep 2013 – Sep 2016
Construction	2014 – 2015	2015 – 2016	2017 – 2018
