

Lucus Road to Big Lake Road
ADOT&PF Project No. 57178

The State of Alaska Department of Transportation and Public Facilities (ADOT&PF) is about to begin environmental and design activities for the Parks Highway from milepost 44, Lucus Road, to milepost 52, Big Lake Road. ADOT&PF has retained the services of a team lead by Hattenburg Dilley & Linnell. Improvements may include safety and capacity features, road surface and sub-base improvements, drainage, pedestrian and bicycle facilities.

To ensure that all possible factors are considered in the design of the proposed project, ADOT&PF is requesting public comments and recommendations. If you are a nearby resident, business owner, or frequent user of the road, your input is important to the project.

To find out more, feel free to contact our Public Participation Coordinator.
